

MODULE 4: UNIT II — FUNCTIONAL EXERCISE

Introduction

■ Objectives

- Perform all IST duties and responsibilities required in the exercise.

2

IST Functional Exercise — Handout

November 15 — 0730 hours

The IST BoO is established at NASA Ames. The task forces have arrived and are scheduled to attend an operational briefing to receive their assignments.

The IST should take all appropriate actions as requested to support the ongoing rescue effort. At a point during the exercise, the Response Phase ends and the Demobilization Phase of the exercise begins. Time will be compressed to November 19 when it appears that the ESF-9 objectives have been met.
